Question 9: Proposed Goal: Fighting Drug Abuse

First, I would like to read you some goals that people have proposed for the state of Georgia. For each one, please tell me if you personally consider that goal to be very important, somewhat important, not that important, or not at all important for the state: Fighting the abuse of opioids and other drugs.

Question 13: View on Expanding Voluntary Pre-K Programs

As you probably know, Georgia currently offers a free, voluntary pre-kindergarten program for 4-year-olds in the state. All parents who want their children to attend can enroll them, but right now the program is full and there is a waiting list to attend. Do you think that the state government should or should not expand voluntary pre-kindergarten programs for all families who want to participate? IF SHOULD/SHOULD NOT, ASK: And do you feel strongly about that, or not?

Question 19: Statement: Investing in Early-Learning Programs Will Boost State's Economy

Now I would like to read you a list of statements regarding early childhood education in Georgia. For each one, please tell me if you strongly agree, somewhat agree, somewhat disagree, or strongly disagree with each statement: Investing in high-quality, early-learning programs for infants and toddlers now will boost the state's economy and save taxpayer money on other services in the long term.

Question 20: View on Expanding State Funding for Child-Care Scholarships
 Now I want to ask you a question about child-care services for children of low-income working parents. Do you support or oppose expanding the amount of state funding that provides child-care scholarships for infants and toddlers of low-income working parents? IF SUPPORT/OPPOSE, ASK: Is that strongly support/oppose, or just somewhat support/oppose?

Question 24: Support for Expanding Pre-K Programs Effect on Vote

If your state legislator voted in favor of expanding pre-kindergarten programs to make them available to all families in Georgia who want to send their children, would you be more likely to support your state legislator for reelection, less likely to support your state legislator for reelection, or would it not make a difference to you either way? IF MORE/LESS LIKELY, ASK: Would that be much more/less likely, or just somewhat more/less likely?

Question 24: Support for Expanding Pre-K Programs Effect on Vote

If your state legislator voted in favor of expanding pre-kindergarten programs to make them available to all families in Georgia who want to send their children, would you be more likely to support your state legislator for reelection, less likely to support your state legislator for reelection, or would it not make a difference to you either way? IF MORE/LESS LIKELY, ASK: Would that be much more/less likely, or just somewhat more/less likely?

Question 25b: Support for Child-Care Assistance/Under Age 5 Effect on Vote

If your state legislator voted in favor of providing child-care assistance in the form of scholarships for children under age 5 of low-income working parents, would you be more likely to support your state legislator for reelection, less likely to support your state legislator for reelection, or would it not make a difference to you either way? IF MORE/LESS LIKELY, ASK: Would that be much more/less likely, or just somewhat more/less likely?
