

CHILD CARE TOWN HALL

2026

Friday,
March 20th,
12-1:00 PM

As professionals who spend every day with Georgia's youngest students, you are our state's foremost authorities on early childhood.

You see firsthand both the opportunities and the challenges facing families and communities. That means your voice is essential in shaping the state and federal policies that affect your work.

Georgia's early childhood workforce is 72,000 professionals strong. There is strength in those numbers—and strength in your expertise and lived experience. When we come together as a large, unified community, our collective voice cannot be ignored.

That's why the 22 organizations below are inviting you to a very important—and very accessible!—**virtual town hall on Friday, March 20th from 12:00-1:00 PM.**

During this conversation, we will share updates on recent state and federal developments, hear from you about the challenges you're experiencing, and give you concrete ways to make your voice heard.

Scan the QR code to register for the virtual town hall and please share with other early childhood professionals. YOU can help represent Georgia's early childhood community as we share a clear message about what educators and young children need to thrive.
