

YOUR VOTE IS THEIR FUTURE

Children can't vote, but you can. Only three in 10 Georgia parents with young children say that the state government is doing a good job of meeting their families' needs. In fact, eight in 10 have struggled to afford a basic need, such as food or housing, in the past year.

Elected officials at all levels of government—federal, state, and local—**have the power to improve early childhood outcomes.** As parents and caregivers, you can use your vote to make sure Georgia is a place where **all children—and those who care for them—thrive.**

	Early Voting: Oct. 15- Nov. 1*	
	Last Day to Submit an Absentee Ballot Application: Oct. 25	
	Election Day: Nov. 5	

**County election boards can decide to offer early voting on additional days. Check with your county elections office for times and locations.*
