2026 Sponsorship Opportunities

GEEARS' Annual Luncheon

Thursday, September 17, 2026, 11:30 am - 1:30 pm | Zoo Atlanta

Keynote Speaker: Elana Meyers Taylor, Olympic Gold Medalist, Mother, and Advocate for Young Children with Disabilities

Why Sponsor the GEEARS Annual Luncheon?

GEEARS is working for a Georgia in which our youngest children can learn and develop in good health from the day that they're born. The benefits of high-quality child care, strong family supports, food security, and a stable home can reverberate through a child's future. These essentials keep parents and caregivers in the workforce. They strengthen our communities and economic growth. They bolster student success and pave the way for the next generation in their own careers.

As leaders of an influential alliance of public and private partners, GEEARS inspires early childhood investment with our advocacy, research, and initiatives.

When you sponsor GEEARS' Annual Luncheon, you're helping to build a better present for children and a better future for Georgia.

About the Luncheon

This event, a beloved touchstone for Georgia's early childhood community, will bring together business and community leaders, elected officials, early childhood advocates, educators, and philanthropic partners.

We'll gather to galvanize each other for our shared mission. We'll honor the year's most impactful changemakers. And we'll be moved by our keynote speaker, Olympic bobsledder Elana Meyers Taylor, who went viral in Milan when she turned her historic gold medal win into a teaching moment for her young sons, both of whom have disabilities.

Your Investment

By sponsoring GEEARS' Annual Luncheon, you help position early childhood as a defining priority for Georgia's future. You'll also support GEEARS, whose highly skilled staff have spent the past 15 years effecting palpable progress for Georgia families.

Your sponsorship supports...

- Our multi-dimensional advocacy for policies that can make life more livable for Georgia families with young children.
- Research and data that lift the voices of families and providers, shining a light on early childhood needs.
- The convening of GEEARS' powerful alliance, whose collaboration strengthens our collective impact.
